

# Has your rural hospital benefitted through its participation with MSQC?

---

## If so, I'd like to hear your story.

I'm participating in a Panel Session at this year's American College of Surgeons Clinical Congress. The Panel Session addresses the benefits that rural hospitals receive through participation in a surgical quality improvement program. I'd like to be able to cite some of examples of rural hospitals in Michigan that have benefitted through their participation in MSQC.
