

## MSQC SCQR Training Day

Friday, June 17, 2022

### Speakers

Ryan Howard is a 5th year general surgery resident at the University of Michigan, where he also earned his medical degree. He is currently completing dedicated research time as a fellow at the Center for Healthcare Outcomes and Policy. His research focuses on ways to improve the value and safety of surgical care. He has helped lead local and statewide quality improvement efforts around preoperative patient optimization, evidence-based opioid prescribing, best practices in hernia treatment, and perioperative health behavior change. After residency, he plans to pursue a fellowship in minimally invasive surgery.

Amun Mehta joined Michigan Medicine in September 2021 as a member of the UM Medical Group Continuous Improvement Team. In this role, he supports teams such as the Cardiovascular Structural Heart Team, the Neurosciences Sleep Lab, as well as the Social Determinants of Health Committee in their own process improvement initiatives. He holds a degree in Operations Management with a minor in Social Psychology and Personality. His favorite part of continuous improvement is watching the teams he works with identify their obstacles and work together to create solutions. Outside of work, Amun is an avid runner and self-proclaimed baker!

Prior to beginning her work in Quality, Stephane spent years working as an MRI technologist, Lead Technologist and eventually became a Quality Assurance Lead Technologist to develop Michigan Medicine's American College of Radiology (ACR) Accreditation Program at Mott Children's and Women Hospital. After attaining a degree in Organizational Studies through the University of Michigan, she was inspired to pursue quality improvement projects as a Continuous Improvement Specialist embedded within the Radiology Department. Her expertise includes team facilitation, project management, and root cause analysis.

Tina Percha manages CQIs and CMS Core Measure Registries for Beaumont Health System's eight hospitals. She earned a Bachelor of Science in Nursing from Ohio University and is expected to graduate with a Master of Science in Nursing Leadership & Management in July 2022. Tina's work experience includes 17 years in critical care nursing and six years as an SCQR for MSQC before becoming a system manager in quality. Tina is a wife, mom, outdoor enthusiast, and US Army Veteran.

Judi holds a Master degree in Clinical Exercise Physiology and Undergraduate degree in Physical Education. She has worked as a Fitness Specialist and Wellness Coach at MyMichigan Medical Center - Midland since 2008. Judi shares ways to increase one's self-care using: mindfulness, meditation, and movement practices for MyMichigan Health employees for the new nursing teams, medical students, support groups and departmental meetings. She also leads many fitness classes such as, Aquatic Pilates Circuit, Aquatic Fit and Function, Pilates Plus, Yoga for Recovering Bodies, Yoga for Wellness and cycling classes.
