New Staff at MSQC!

**Yuxuan Chen is our new
Data Analyst/Programmer!**

**For Fun: Ask her to solve a
Rubik's Cube for you!**

2023 P4P

Lots of Exciting Developments in 2023

- Changes to data collection:
 - Retiring vascular surgery data collection
 - Adding breast surgeries back – will be holding a kickoff meeting for breast surgeons on October 15
 - Many variables cut from data collection to ease the burden
- QI projects are smaller in scope and worth fewer points as they are aimed at laying groundwork for future work

Finally...

Happy Birthday to
“Cheryl’s mom”,
Michelle Webster!!
